Working Time-table, Amending Circulars	72-74

NOTE: Consult the Working Time-table Addenda for instructions regarding Rolling Stock mass, lengths and operating instructions also other general matters common to all Working Time-table books.

TRAIN TIME-TABLE REFERENCE SYMBOLS

Express, Passenger, Rail Motor and Mixed trains must stop at stations where so scheduled in the time-tables. Where the times of arrival and departure of trains are not both stated, the times shown are of those of departure from stations.

Where the time for the train is shown without the addition of one of the undermentioned symbols or other special reference, a definite stop must be made.

Where the following standard symbols viz., *, ∇, d, f, ††, π, # and ● are utilized with or without, as the case may be, a time being shown, they indicate how the train shall be dealt with at the particular station or stations, e.g., whether non-stop, or to stop in certain circumstances.

The symbols referred to and their application to the timetable are as follows:-

* Trains will not stop to pick up or set down passengers at stations where the train schedule is marked thus, or where this symbol occurs without an accompanying time.

∇ Indicates that the train shall only require to stop at the station or Rail Motor Stopping Place concerned in the following circumstances:

- (1) When signalled from the station to stop, indicating that there are passengers, vangoods and/or mails to be entrained.
- (2) And/or when the train is conveying passengers, vangoods or mails for the station. The Guard is responsible for informing the Engineman that there are passengers, vangoods, or mails to be discharged. If no conductor on train, the Guard must make the necessary inquiries among the passengers at the previous stopping station. If no Guard be employed on a Rail Motor, the Engineman must make the necessary inquiries.

d Trains to stop to set down, if required, but not to pick up passengers at stations where the train timetable is marked thus. Passengers desiring to alight must give notice to the Conductor at the previous stopping station, where Conductors must also inquire. On trains which have no Conductors, the Guard will be responsible for this duty. If no Guard be employed on a Rail Motor, the Engineman must make the necessary inquiries. The Guard is responsible for informing the Engineman that there are passengers to be detrained.

f Picks up only.

†† Trains marked thus run only if required. Special advice will be issued by the Chief Operations Manager, Chief Train Controller, District Senior Train Controller or Depot Stations when the running of such trains is necessary.

● Indicates that the train must when practicable be despatched from the station concerned at the earlier time shown.

π Train stops to set down only, if required, but not to pick up passengers.

Not advertised

◆ Indicates that the Road Coach shall only stop when signalled to do so by an intending passenger and/or when conveying passengers for that stop.

▲ Reservations are compulsory by this train. Bookings must be made through the Central Reservation Bureau or Regional Booking Centres.

STATION REFERENCE SYMBOLS

E.S. Electric Staff Stations.

† Staff Stations, at which the staff, a Staff Ticket, or a Line Clear Report must be received before starting, and delivered on arrival.

NC No one in charge stations.

○ Stations Worked under Rail Agent conditions, but at which the employees in charge are authorised to collect freight charge.

(Reserved)

MELBOURNE YARD	arr.	Tue. to Sat. 02 25	Tue., Fri. †† 02 50

For intermediate times between Bairnsdale, Maffra/Sale and Melbourne Yard see pages 24 to 30.

When vehicles on the Bairnsdale-Orbost Line are attached by means of Screw Couplings a space of five (5) cm must be allowed between the Buffers; the Couplings must be eased to this extent at Bairnsdale and Orbost.
